I am a highly motivated, well-organised and dedicated individual, with experience on a variety of productions, both large and small. This experience has helped give me the skills to creatively solve the multitude of hurdles and challenges all productions face and given me a real passion for filmmaking. Experienced with crowds, animals, children, stop motion animation and SFX/VFX. Also produced and distributed award winning documentary 'Still The Enemy Within' and have worked as Line Producer/Production Manager on a number of features, shorts and commercial projects.
