

Established in 1988, Tern Television Productions Ltd is a multi-award winning TV company, telling great stories with passion, integrity and style.

With bases in Glasgow, Belfast and Aberdeen, we work predominantly in the non-scripted market, specialising in talent led features and factual formats, documentary and specialist factual as well as international co-productions.

We are a full service production company so alongside our creative team we have an experienced line-up overseeing all elements of production management, finance and business affairs and our own post production facilities.

Our key clients include Channel 4, BBC, ITV, Discovery, National Geographic and Sky. In the UK we benefit from the advice and support of our Chairman and Non Executive Director Malcom Ritchie (CEO of Qwert Films and former COO of Polygram Filmed Entertainment).

In the United States of America, we benefit from the advice and support of our agents, ICM.

Our programmes are distributed by DCD (with whom we have a first look deal), BBC WW, Sky Vision, DRG, Passion, Drive and Flame Distribution.

In November 2017, Tern Tv became part of the Zinc Media Group Plc.
