About Me

Ambitious Camera Trainee looking for more experience. Used to working long hours (inc. night shoots) and comfortable in a wide range of roles. Committed to learning the key skills and attributes required of a Camera Assistant. Trainee credits are limited but I have worked as a filmmaker on solo online promotional projects and larger independent and student projects as a Camera Assistant for the past two years and have a real passion for filmmaking.

I have a full clean drivers license and have worked professionally as a driver using Land Rover Defenders (6 Passengers) in harsh conditions.
